They have just received a choice collection of candies at the City Bakery, and lovers of that toothsome article are requested to call and sample them—by purchase.

The Gleasons have been playing to rather small houses, in the Opera Hall, this week. The company is hardly up to grade and has not so far impressed their audiences very favorably.

All persons knowing themselves indebted to me on account are requested to call and settle, as soon as possible, either by cash or bankable paper.

C. H. ROGERS.

No. 39 was delayed somewhat, this noon, by an accident near Amboy, caused by a box car in some manner getting on to the main track. The result of the collision we to go press too early to ascertain.

At a special meeting of the council held yesterday evening, J. H. Bennett was appointed village marshal. We hope Mr. Bennett will go to work in dead earnest to root out the nest of crooks and black-legs which now infests the city. We promise him a hearty support in his work.

The new firm of Wilcox & Fowler have an epistle in this issue which will be to your interest to read carefully.

A dull gold known as "Roman" is in fashion now; but the old fashioned article will do just as well at this office.

This issue contains the official returns of the late election. It will be a valuable paper to preserve for future reference.

"Clouds and darkness hover over us," but the ship of state sails proudly on, apparently safe and unmindful of November 3d.

Taking into account the time of season, last Friday's storm was the most severe perhaps within the memory of the oldest settlers.

A young son of Mr. Angel, who lives about five miles northwest of town, died on Sunday morning of heart disease. His remains were interred at Prospect Cemetery, late in the afternoon.

The Stadelman lots on Main Avenue have, by an amicable arrangement, reverted to the Lincoln Land Co. In the spring, a trio of two-story brick buildings will ornament that corner.

Our job department has been turning out some work for the Citizens Bank, lately, which cannot be approached, in point of artistic design and neatness of execution, in this part of the state.

The Methodist brethren have received the seats for their church. These will add greatly to the comfort of the audiences which weekly meet in that handsome little structure for devotional purposes.

McCook it would seem has only just commenced to boom—to feel her oats, as it were. The coming spring will doubtless witness such an immigration, and such a building enterprise as she has never seen.

They had a very pleasant quilting party at the residence of Nels Johnson, about 10 miles south of town, a short time since. We also learn that the people of that neighborhood are building a sod school house, and that the expense of running the school will be shouldered by them.

One would be led to imagine that h. r. n. knew THE TRIBUNE by this time. It appears otherwise. We have just lifted a letter received at this office October 28th. The letter was an important business letter and was on the advertised list, after being detained almost two weeks.

An attempt was made on Monday night of last week to destroy the building used by Hitchcock county as a Court House, and the records contained therein. In view of the prominence occupied by these records, in the history of Hitchcock county, the above is not a great surprise to many.

Barring the mad, which has been everywhere present since Saturday, who ever experienced more salubriously lovely weather than we have been enjoying since Sunday. We have extremes, but Nebraska can reasonably and safely boast of as many fine days of sunshine and beauty as any state in the Union.

The demand for houses for rent is vastly greater than the supply. We are approached with, "Do you know of any houses for rent," repeatedly almost every day. Won't some capitalist step in and relieve the present condition of affairs by erecting a number of residences for rent. There is fair money in such an investment.

A BEAUTIFUL DISPLAY—Mrs. T. Nelis of the New York Millinery Store has returned from her visit east, bringing with her the largest, and finest and handsomest display of millinery goods, notions of all kinds, hats and bonnets,—perfect beauties,—ever brought to this city. The ladies of McCook will find at the New York Millinery Store, opposite the postoffice, just what they want in any of the above lines. Mrs. Nelis has an unusually large stock, and the very latest and most tasty articles in her line in the trade. Don't neglect to call early and select before it is too late.

THE TRIBUNE would vouchsafe this confidential advice to the denizens of South McCook: If the law won't protect you against the horde of outcasts, which now swarm around you, as well as the patrons of these dens, a liberal use of some double barreled shot guns and bird shot might be beneficial.

New Store! New Goods! L. Lowman & Son, Pate Block, Main Street.

A telegram was received at this station, Tuesday noon, from J. E. Bebb, sheriff of Deatur county, Kansas, saying that twenty-one hundred dollars had been stolen at Oberlin, and asking that the authorities keep a lookout for all suspicious characters. A suitable reward is offered for the arrest of the guilty parties. The telegram states no particulars and gives no description, simply stating the cold facts in the case.

A nice line of hanging and stand lamps at the Metropolitan Drug Store.

Two young men of the sporting fraternity met with a mishap, the other night, while "taking in" a questionable portion of South McCook, which might have been serious in its results. While "swinging around the circle," they missed their bearings, and walked over the high bank of the Republican at that point, and were precipitated into the river, some 25 or 30 feet below, fortunately with little or no injury, except to nerves through fright.

Lytle Bros. have stoves at \$3.50 and upwards. See them before buying.

ABSTRACTS—Messrs. L. C. Stephenson and E. C. Balleu of the County Clerk's office, were in the city, two or three days, the first of the week, making a transcript of the original entries, date of entry and description of land taken, from the records at the U. S. Land Office. The transcript is being taken for County Clerk Cramer, who is preparing a set of abstract books of Red Willow county, which will be valuable in a few years.

W. W. Palmer has a fine line of wolf and goat robes. They are dandies.

Information was received, the first of the week, to the effect that L. H. Piper, the young man who has been employed on the B. & M. at this place as car greaser, for some months, had died on the 4th of this month, within 24 hours of his arrival home. Mr. Piper was afflicted with heart disease, and finding himself growing rapidly worse, started for his New Hampshire home, to breathe his last in his native state and among his relatives. He was a kind hearted young man, and possessed a disposition which made him a favorite with his fellow-laborers.

The best boot in America. The Walker boot. Sold only by C. H. Rogers.

No. 39, which went west as a "double header" in charge of Engineers Noren and Hoge, Friday, struck a section hand named Jacob Cook, who was shoveling snow at Culbertson station, rendering him insensible, and cutting his scalp slightly, but not otherwise injuring him. Considering the fact that the train was making pretty good speed, and that the man was struck by the cylinder of the engine, at the base of the brain, it is remarkable that Cook was not killed. Dr. Willey went up to see him, Saturday noon, and reports the injured man in a fair way to rapid recovery. LATER—The injured man was brought down to this city, the first of the week, and is now at the Eating House, under the care of the company's surgeon. Later developments show the man's brain to be seriously affected, but his ultimate recovery is expected.

Buy one of those sweet, harmonious Kazoos at McCracken's.

A snow and wind storm of unusual severity, for this season of the year, prevailed in this part of the state, all day Friday and most of the preceding night. The snow fall was quite heavy, and being blown hither and thither by a fierce wind, made the "outside world" extremely uncomfortable and disagreeable. The storm, which came from the northwest, was preceded by a soaking rain from the southeast. Railroad men report a much heavier snow fall, west of here, and a terrific wind, which filled the cuts, thereby retarding the progress of all trains materially, during Friday. Also that thousands of cattle had drifted down against the company's fence, from the range north, causing considerable suffering. In fine, the storm was severe for any season. In order to battle with the elements successfully, No. 39 had a "double-header" from here west, Friday. The storm only extended about 40 miles east of this place.

The City Livery Stable, B. F. Olcott, proprietor, for fine teams.

GENERALIZED HEN FRUIT—On last Sunday, while delivering a large basket of eggs to the Commercial House, Es. Reynolds succeeded admirably in unfastening about 20 dozen of them for domestic purposes by coming in contact with one of the iron rods which support the awning in front of the Citizen's Bank. Es. had the basket on his shoulder, and was trugging along merrily, when he suddenly came to grief as above mentioned. The rod is rather dangerously near the pavement, and ought either to be raised or removed before some one is injured thereby.

Great Reduction in Watches and Jewelry at McCracken's.

A queezy Mongolian, a cousin of Charlie Young of this place, occasioned no little stir, recently, near Orleans, Harlan county, by insisting upon marrying a Melican Miss, formerly of Fremont, (where her almond-eyed admirer first met her) but now of Precept. The Flowery Kingdome laddie resides in Hastings. Since writing the above we learn the naturalized pig tail has finally married his M. M.

Hard and soft coal, best quality, at Hallack & Howard's lumber yard.

Eight buffalo were killed near Eckley, the first of last week, a portion of which were shipped to this city and disposed of by our local butchers. Considering the great scarcity of that noble game, but a few years since so numerous in the Republican Valley, the hunt which resulted in the bagging of eight bison was an unusually successful one.

New Store! New Goods! L. Lowman & Son, Pate Block, Main Street.

The Catholic Fair will commence next Tuesday evening, at the Opera Hall, and continue three nights. Most extensive preparations are making for the occasion. Refreshments, music and dancing each night.
